Guidelines for preparing abstracts

1. The "Abstract" should fit in one (1) 8x11 page, using the format specified above.
2. The "Introduction" part should contain the scope and purpose of the work in 2-3 short sentences only.
3. The "Experimental Approach" should be described briefly.
4. Only "Highlights of Results" should be presented, which should be quantitative if possible, or as the nature of the paper permits.
5. Uncommon acronyms should be spelled out the first time they are used; if several acronyms are used, they should be listed with their meanings at the end of the abstract.
6. Only major "Conclusions" should be stated. No more than five keywords should be mentioned.
