## Filipino delicacies find global market

By Annelle Tayao-Juego

CHOCOLATE moron (steamed rice cake) from Abuyog in Leyte, handwoven banig (mats) from Zamboanga, coconut jam with coco sugar from South Cotabato and handcrafted jewelry from Bicol are just a few of the artisanal delicacies and products one can take home as *pasalubong*—if you have the time and money to travel to these places.

If not, then you have the option to buy them all from just one place, thanks to a new online store that aims to boost both awareness and sales of Philippine cultural heritage products: 1780 by SariSariStore.

The e-commerce portal, which was recently launched in Rockwell, Makati City, sells products such as food, bags, liquor, textiles and jewelry by local microentrepreneurs. These products come from five regions which have been hit hardest by conflict, poverty and disaster: Bicol, Eastern Visayas (the region most affected by Super typhoon “Yolanda”), Western Visayas, the Zamboanga peninsula and Soccsksargen.

1780 is an offshoot of SariSariStore.com, a local online store where a hodgepodge of products (from apparel to food to electronics), services, and even jobs are offered (patterned after the neighborhood sari-sari store). The brand “1780” represents the country’s 17 regions and 80 provinces, since the shop’s promise is to “exhibit the best of the Philippines to the rest of the Philippines.”

COLORFUL mats woven by the Badjao of Zamboanga

fare and Development (DSWD) through its Sustainable Livelihood Program.

For three to four months, the two agencies helped comb through Regions V, VI, VIII, IX and XII to choose merchants that would benefit the most from the retail platform that 1780 offers.

Travel blogger and heritage advocate Ivan Henares is also involved in promoting 1780.

“The Sustainable Livelihood Program is one of DSWD’s poverty-reduction schemes. We provide livelihood opportunities to communities in areas hit by natural disaster and conflict either through their own enterprises or by finding them gainful employment. 1780 is an opportunity for our communities to share their products with the market and see what their market demands,” said Ana Marie Raymundo, DSWD information officer. “These regions also have

entrepreneurs were initially tapped by 1780. Those from the textile industry include: Granddaughters and students of 1998 National Living Treasure Awardee Lang Dulay of the

DARK chocolate and spicy dark chocolate bars from Kablon Farms

JACKFRUIT Marmalade

There are also foodstuff such as satay (adopted from the Malaysian satay) from Jimmy’s Satti Haus restaurant in Zamboanga; McNester’s mango ketchup and sauce from Guimaras, owned by Rebecca Tubongbanua; dark chocolate (with a spicy variant) from Ernesto Pantua Jr.’s Kablon Farms in South Cotabato; and longganisa from Ravago’s

perishable or, like most of the weaves, need ample time for manufacturing since they’re made by hand, interested buyers need to request for certain items to be restocked first. This means that 1780 can’t promise the same number of delivery days for each item.

Courier services are provided by Xend, 2GO and PhilFox.

Some entrepreneurs also require a minimum order. Pay-

country and help them. To do this, tour will also be posted on site so tourists can b trips—making 1780 a Philippine travel she like SariSariStore.com

“Tourism is a resilient. [1780] is all about sustainable growth by in local heritage and ture preservation Maclang.
