

Impact of COVID 19 in Central Visayas: ATI-7 Experience

Carolyn May O. Daquio, Ph.D
Center Director

Presented during the VRSM on April 13-14, 2021

A food-secure Philippines
with prosperous farmers and fisherfolk

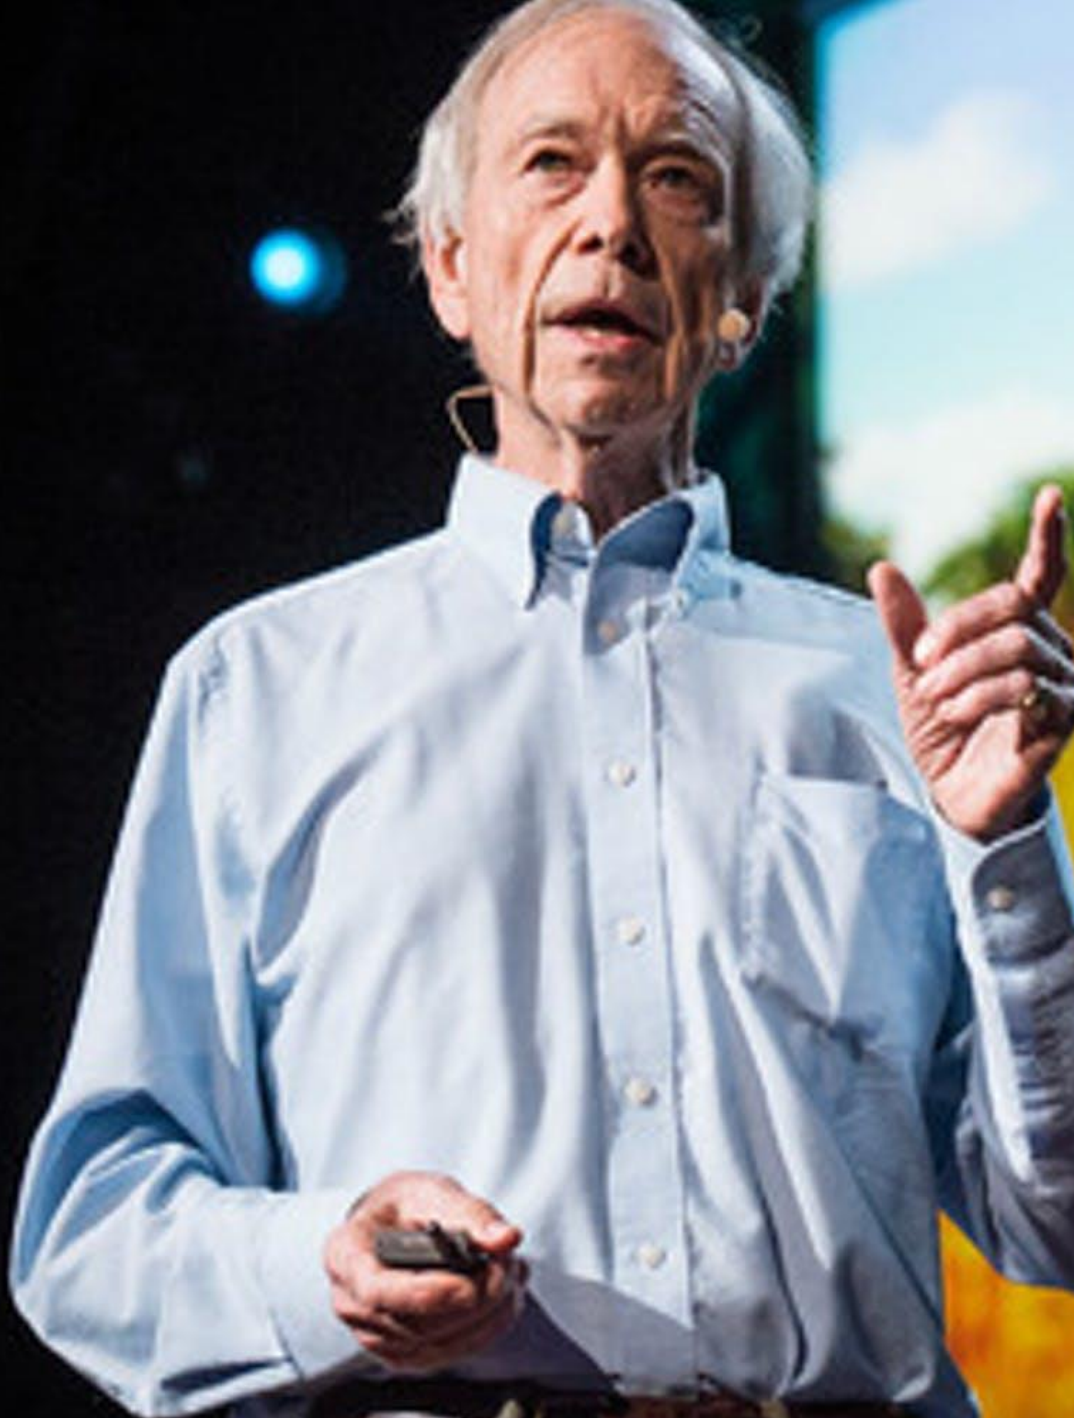

Objective

- Able to share ATI's experience coping mechanism of COVID 19 in the delivery of our services

A food-secure Philippines
with prosperous farmers and fisherfolk

Agriculture is not crop production as popular belief holds – it's the production of food and fiber from the world's land and waters. Without agriculture it is not possible to have a city, stock market, banks, university, church or army.

Agriculture is the foundation of civilization and any stable economy

Allan Savory,

Zimbabwean ecologist, livestock farmer, and president and co-founder of the Savory Institute

BOHOL BACKYARD GARDEN CONTEST

In partnership with

Bohol Backyard Gardening Contest

**Giving/
distribution of
assorted
vegetable
seedlings & farm
inputs to GMOF
Participants**

*A food-secure Philippines
with prosperous farmers and fisherfolk*

ABOUT THE PROJECT

A competition design for the youth, displaced workers and their families, aiming to showcase their food gardening skills and their ability to grow their own food organically and sustainably.

In Partnership With

OBJECTIVES

1. To inspire and to motivate the Boholanos especially the displaced workers to do backyard food gardening for food security
2. To educate and to spread awareness to Boholanos on the organic technical protocols in growing their own food
3. To address the **challenges** of the local community **on food insufficiency**
4. To spread positivity in the online world and to **promote urban gardening**

PARTNER COMMITMENTS

- A. Department of Agriculture – Agricultural Training Center ,
Provincial Agricultural Office, and Province of Bohol**
 - ✓ Vermicast, seedlings, and other inputs and technical assistance
 - B. Province of Bohol (Gov. Arthur Yap)**
 - ✓ Monetary prizes
 - C. AGREA Farm School**
 - ✓ Online mentoring and consultations
 - D. Smart Communications Inc.**
 - ✓ Smart Pocket WiFis to winners
 - ✓ Tech training via Digital Farmer’s Program
- 

1st prize winner of Grow My Own Food Contest

- A displaced worker from a construction industry in Cebu
- He showcased his rooftop garden in Taloto
