

NAST Visayas Regional Scientific Meeting (RSM)

COVID-19 Pandemic: Learning from the Past, Coping with the Present, Moving to the Next."

“Impact on Education: Basic Education”

Pursuing Excellence and Strengthening Partnerships Amidst the Pandemic

By:

Dr. Shena Faith M. Ganela, PSHSWVC Campus Director

Department of Science and Technology
Philippine Science High School – Western Visayas Campus

Covid-19 Pandemic Challenges in Schools

- **1. Remote Mode of Learning Requirements**

- *Technology : Training, LMS, Laptops, Internet Connectivity*

- **2. Abridged Curriculum**

- Module Writing, Review, Printing, Assessment, Grading

- **3. Change Management**

- Resistance and Adjustment to Change

Reasons for Learning Loss Under the “New Normal”

- **1. Inability to Cope with Change**

- Absence of Teachers’ Physical Presence
 - Family/ Home circumstances
 - Closed/ Negative Mindset
 - Poor Time Management

- **2. Mental Health Issues**

- coping with change/ pressure

Overcoming Challenges of the New Normal

- **1. Implementation of Mental Health Program**
- **2. Provision of Remote Learning Needs for Teachers and Students**
- **3. Intensified Intervention/ Monitoring**
- **4. Strengthening Partnerships**
 - *Home/ parents and Benefactors*
- **5. Pursuing Excellence-** initiatives, competitions, projects

- Thank you very much!
